Program Yeterlilikleri/Program Outcomes
1. Have a broad foundation and intellectual awareness with exposure to mathematics, history, social sciences, management, and financial economics.
2. Demonstrate knowledge and skills in different functional areas of business (accounting, finance, operations, marketing, strategy, and organization) and an understanding of their interactions with the finance discipline across various industry sectors.
3. Apply theoretical knowledge as well as creative, analytical, and critical thinking to manage complex technical or professional activities or projects.
4. Exhibit an understanding of global, environmental, economic, legal, technological, and regulatory contexts for business sustainability.
5. Demonstrate individual and professional ethical behavior and social responsibility.
6. Demonstrate responsiveness to ethnic, cultural, and gender diversity values and issues.
7. Use written and spoken language effectively (Turkish, English at least at B2 level) to communicate information, ideas, problems, and solutions.
8. Demonstrate skills in data acquisition, financial modeling, and economic and empirical analyses.
9. Demonstrate computer proficiency in understanding how financial markets including stock market, banking industry and investment management work
10. Contribution to teamwork Demonstrate teamwork, leadership, and entrepreneurial skills.
11. Contribution to learning skills Display learning skills necessary for further study with a high degree of autonomy.
